Core Curriculum

Develop six basic competencies among all University undergraduate students

We are graduating students who are:

- Good thinkers, speakers, and writers,
- Skilled at analysis and problem solving,
- Skilled at using computer technology,
- Perceptive of artistic accomplishments
- Effective citizens of their own country and the world,
- Aware of cultural similarities and differences.

Choose 40 credits from among six categories after consultation with advisor

- Some core category courses are mandated by major
 - A good example - The UNCommon Course

First Semester Schedule

Electronic Survey – Schedule based on your responses

Changes to schedule under *extenuating* circumstances

- Language Placement Error
- Placement – reevaluate at CLR following SOAR
- Job
- Elective changes
- Athletes/Marching Band

If you need to make changes, please speak with CASA or the Lee College Advising Center – Randy Sanders.

Your First Days on Campus

In the Lee College, you're one of us!

- Students can expect their first term to be:
 - Academically tough, but ...
 - ... socially rewarding.
 - If you get involved!
- Among the first things to do is simply meet as many people as you can and find out what they do.
 - Orientations and Charge-In are scheduled just for these purposes.
- There is no typical first year experience in the Lee College.
- Each class has a professor, each professor has a department, each department has a Chair, and each Chair reports to the Associate Dean and/or the Dean.
 - We are all here for you!

FERPA

- The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records
- FERPA gives parents certain rights with respect to their children's education records
- These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level
- Generally, schools must have written permission from the student in order to release any information from a student's education record
